NORTH CAROLINA WINS FIRST PRIZE Presentation

Splendid Record Is Made at National Horticultural Congress.

[Special to The Times-Dispetch ! Raieigh, N. C., December 1.—"North Carolina wins grand sweepstakes for best State exhibit at National Horticultural Congress, first also on collection of nuts. First on subtropical fruits, first on canned and preserved the conduction of the condu

lection of nuts. First on subtropical fruits, first on canned and preserved by-products, first on five boxes of commercially packed fruit and first and second on delicious apples."

Thus reads a telegram received today by Commissionor of Agriculture W. A. Graham, from State Horticulturist William N. Nutt, who is attending the atlonal Horticultural Congress now in session at St. Joseph, Mo.

This is just a following up of the splendid record North Carolina made at the congress last year, the first in which the State had been represented, when sweepstakes and a great number of other first awards were captured. Negro Electrocuted.

Taylor Love, colored, of Haywood county, paid the death penalty in the electric chair at the State's prison today for the murder of Fred Morehead, colored. He was brought into the death chamber at 10:31 o'clock, and was ready for the first shock at 10:34. There was a second shock at 10:35 1-2, and the physicians pronounced him dead at 10:33. The body was shipped to the negro's parents at Waynesville this afternoon. He left a request for a church funeral, and for the text of the sermon to be St. John, 14, 1-3. He left a letter to his parents to be sent quate was rendered yesterday by the State Corporation Commission. It was declared to be the duty of the defendant company to enlarge and improve the same. The hearing was had on Wednesday. The commission orders that the defendant company do, within thirty days, ille and submit plans to the commission, "which shall include the removal of the present water tank at Chatham and the chiargement and im the sermon to be St. John, 14, 1-3. He left a letter to his parents to be sent along with a Bible he had been using. He declared that he was receiving deserved punishment and appealed for kindness to his "wife and little ones." He shot Morehead through an open window. Lits of Citizens to Attend Rivers and Commissions were issued yesterday by Governor Mann to the following citizens as delegates from Virginia to the National Rivers and Harbors Con-gress, to be held in ...ashington De-cember 6 to 8: John C. New York, December 1.—Cotton has fallen below the 9-cent level owing to the increasing pressure from the South to sell. Of course, there has also been more or less solling for short account, but this has been limited to a small number of operators. Spot markets in some cases have doclined under the weight of a liberal crop movement, and a tendency to increase the size of the cestimates of the crop. The New Or? leans Times-Democrat puts it at 14, 235,000 bales exclusive of linters and repacks. Some have figured that this really means an estimate of something like 16,300,000 bales. A Texas estimate was as high as 16,845,000 bales. The average estimate of 183 members
